

# Lighting To Go — brighten your space and lower your bill

Lighting can make up more than 40 percent of energy use in many businesses. That's reason enough to upgrade your old lighting with new more efficient options that can save 20 to 40 percent on your bill each year.

With PSE's **Lighting To Go** instant discounts, qualifying business customers can start saving when they purchase and install long-lasting qualified LED lamps from participating vendors.

## Lighting To Go products and discounts

### Up to \$5 instant discount

#### LED decorative lamps

Example: candelabra
